

INDEX OF READINESS AND DISASTER PREPAREDNESS TRAINING PACKAGES

NOTICE: This publication is available digitally on the SAF/AAD WWW site at: <http://afpubs.hq.af.mil>. If you lack access, contact your Publishing Distribution Office (PDO).

This index lists Readiness Training Packages (RTPs) and Disaster Preparedness Training Packages (DPTPs) applicable to Air Force, Air Reserve, and Air National Guard disaster preparedness organizations and/or Civil Engineer Readiness Flights. Training packages are written and coordinated by the Contingency Support Readiness Division (HQ AFCESA/CEXR) 139 Barnes Drive, Suite 1, Tyndall AFB, FL 32403-5319 and sent to SAF/AADP, 170 Luke Avenue, Suite 300, Bolling AFB DC 20332-5113 for publication and traditional and/or electronic distribution. Send any comments or suggestions on this index or any training package directly to the OPR. When ordering training packages, establish requirements and submit requisitions in the short-title format (i.e. RTPF9, etc.) using AF Form 764A. Process these, distribution category "F", through the local publications distribution office. Upon revisions and updates, existing DPTPs will change to RTPs. In addition, RTPs are currently being developed to support Civil Engineer home station training. These new training packages will be incorporated into this index. To support these training packages, new blocks of instructions are being added, deleted, or changed. Some existing RTPs will be republished with a new RTP number. New, revised, and obsolete RTPs and DPTPs are announced in Part 1 of the AF Publishing Bulletin.
